COBBLE
Fluffy cobblestone

A design by GAN

Cobblestones of different shapes and compositions, which gracefully resist the passage of time, today inspire a rug with the same timeless and compact nature. **COBBLE**, designed by **GAN**'s creative team, re-creates the universal cobblestone paving in a grayscale that reminds us of natural stone, concrete or granite.

Thanks to the properties of wool and the wealth of details that hand knotting permits, **COBBLE** forms a dense grid that seems to create volume. This dense and warm cobblestone-like surface fits into all kinds of spaces and pairs well with varied decorative styles, thanks to its simple and unflappable appearance.

COBBLE stands out for its texture and discreet personality, but it is rich in nuances, capable of providing calm and balance.Versatile, strong and durable, it is perfect for spaces subject to intense and prolonged use and which are exposed to other factors such as pressure or rolling furniture. In addition, the medium and dark gray tones help regulate the light in a room, making **COBBLE** ideal in for studies or offices where we want to create a sensation of depth.

COBBLE is made of 100% wool using the laborious hand-knotted technique. It is available in two sizes: 170x240 cm / 5’7”x7’11” and 200x300 cm / 6’7”x9’10”.
